

About the Tournament

The University of Texas Women's Ultimate program and Without Limits are proud to host the ninth annual women's division of College Centex.

This is our fourth year of partnership together, and every year, this tournament reminds us of how important our friends are to the success of our work. In 2008, over 30 college leaders gathered in the parking lot of the IM Fields and talked about the need for change in the college women's division. The following year, we resolved to take positive steps toward the change we had all discussed, and we haven't looked back since. Thank you for joining us on this journey, and for coming back to support this tournament year after year. The future of college women's ultimate is bright because of players and teams like you. Thank you for all of your love and support. It is much appreciated.

Our Vision

1. Competition- We are dedicated to bringing teams the best competition possible at Women's College Centex.
2. Community- We love our friends in the women's ultimate community, and we run this tournament for YOU.

Thank you for choosing to support our tournament.
Play hard, play fair, and have fun!

Tournament Rules

USA Ultimate 11th Edition Rules

For games to 13: point cap at 15

For games to 15: point cap at 17

HORNS

Due to the split field site and the poor acoustics of the field site, we will not be blowing cap horns. Please communicate with the opposing teams' captains about cap times.

TIMEOUTS

One timeout per half plus one floater. Caps do not affect timeouts.

CAPS

Soft cap: Add two to the higher score after the point and play to that. No more win by 2.

Hard cap: Finish the point. If it's tied, play one more. If not, game over.

DETERMINING POOL FINISHES IN CASE OF A 3-WAY TIE

Results will be determined using:

1. Point differential among teams in the tie
2. Point differential against the rest of the pool
3. Total points scored
4. Coin flip

WOMEN'S COLLEGE CENTEX 2012 INCLEMENT WEATHER PLAN / BACKUP FIELD MAP

Lightning

The University of Texas IM Fields have an automatic lightning detector system that will sound warnings in the event that we need to evacuate the fields. If you hear the warning, please stop your game immediately and proceed to your cars. We will sound an all-clear signal when it is safe to return to the fields.

How to resume your game after a lightning delay:

1. If the delay was less than an hour and a half, the schedule will be adjusted to accommodate the continuance of the round being played. A quick captains' meeting will be held at Frisbee Central (see field map) to inform teams of the new schedule. Please send a team representative to Frisbee Central after you have been notified that the danger has passed.

2. If the delay is longer than an hour and a half and/or in the case of multiple lightning delays during a day, we will reassess the situation and determine a new schedule at the captains' meeting.

Our #1 concern is your safety, so please follow any directions from the TDs and other tournament staff.

Rain

In the event of the closure of the University of Texas IM Fields due to rain, we will be moving the tournament to our backup location. We reserve the right to alter the schedule as necessary to accommodate the conditions. This will likely involve the cancellation of crossover games and shortened rounds.

If Sunday games are moved to the backup field site, rounds will end no later than 3:45 in order to enable people to make Sunday night flights.

Please check in at Frisbee Central for updated field assignments.

For inclement weather updates, follow:
